HOSTING A SUSTAINABLE EVENT

THE SEE INSTITUTE WAY

At SEE Institute, we provide a comprehensive event management solutions to support your efforts in reducing the environmental footprint of your event.

CATERING

We are proud to have established relationships with a range of sustainable suppliers who offer locally sourced and consciously farmed catering options.

WASTE MANAGEMENT

We offer reusable and environmentally friendly products inside the venue to maximize waste reduction, further to this, recycling and composting programs are implemented in partnership with a waste

EV CHARGING STATIONS

Our spacious parking areas feature dedicated green zones for electric vehicles and numerous EV charging ports, powered by solar panels.

AIR TO WATER

Innovative water harvesting technology that provides up to 500 liters of pure, clean, drinking water sourced from the air.

ACCOMMODATION

The Sustainable Homes is located a short walk away, offering short stay, serviced, and sustainable accommodation for visiting guests. Guests also have access to amenities such as courtyards, a recreational rooftop, F&B outlets, a co-working space, playgrounds, an animal sanctuary, and sports facilities, all within walking distance or reachable by rental bike.
